OFFICE OF THE DIRECTOR,

Dated, Bangalore, 15th May *193*1.

D 7628

FROM

C. RANGANATHA RAO SAHIB, Esq., B.A., B.L.,
Director of Industries and Commerce in Mysore,
(Bangalore, India.)

To

The Secretary to the Government of Mysore,
Development Departments,
Bangalore.

Dr 33-30-6

SIR,

With reference to Government Order No. D.5183-4/I&C. 33-30-4 dated 13-11-1930 sanctioning the purchase of certain additional machinery for installation at the Government Soap Factory at a total cost of Rs11,406/-, I have the honour to submit herewith for the information of Government, a copy of letter No.5745 dated 4-5-1931 received from the Industrial Chemist, Government Soap Factory, proposing certain readjustments in the allotments sanctioned under the several heads for the reasons stated and also requesting sanction for the purchase of a small lathe out of the total savings of Rs810-5-6 anticipated as a result of these readjustments. I beg to state that as no additional cost over and above the amount already sanctioned by Government is involved in the proposals submitted by the Industrial Chemist may be kindly approved by Government.

It is also desirable to equip the Factory with a small lathe to enable all the urgent repair work being attended to in the Factory itself, the purchase of the lathe out of the savings of Rs 810/-anticipated may be kindly sanctioned by Government.

As the official year within which all the expenditure has to be met is fast coming to a close, I request the favour of early orders of Government in the matter.

I have the honour to be,
Sir,
Your most obedient servant,
C Ranganatha Rao Sahib
DIRECTOR

GOVERNMENT SOAP FACTORY, BANGALORE.

Immediate. 4th May 1931.

The Director of Industries &

Commerce in Mysore, Bangalore.

Sir,

Ref: Your office letter No.D2-317/30-31 dated 7th March 1931.
This office letter No.3755 dated 15th January 1931.
Re: Capital expenditure (additional machinery).

I have the honour to report as follows and request your early orders.

(a) G.O. No.D.5183-4/I&C.33-30-7 dated 13-11-30 sanctioned an amount of Rs.11,406/- for the following items of expenditure.

	Rs.
(1) Rlodder and roller mill.	5,400/-
(2) Electric motor, shaftings and other accessories.	3,000/-
(3) Drying chamber.	1,500/-
(4) Temporary platforms etc.	1,506/-
Total.	Rs.11,406/-.

(b) All the work contemplated has been completely executed and there are certain variations from the original

estimates, and I am writing this letter to secure your approval and ultimately Government sanction for these variations.

(c) I now submit the details of expenditure under the various heads.-

(i) Roller mill and plodder. Sanctioned amount, Rs.5,400/-. In order to take advantage of a later development, we had to increase the expenditure by an extra £8-10-0. This formed the subject matter of submission No.3755 dated 15th January 1931. The total expenditure on this head will be approximately Rs.5,502/- against a provision of Rs.5,400/-. The estimate has been increased by Rs.102/-.

(ii) Drying chamber. Provision is Rs.1,500/-. Actual expenditure is Rs.1,401-8-0. Therefore the saving is Rs.98-8-0.

(iii) Erection of temporary platform. The provision is Rs.1,506/-. The actual amount spent is Rs.1,483-3-0. Therefore the saving is Rs.22-13-0.

(iv) Provision for motor, shafting, etc. is Rs.3,000/-. The actual amount either spent or committed to is Rs.2,208-~~8~~-6. Therefore the saving is Rs.~~791-12-6~~ 791-0-6 (details regarding this is enclosed). We saved a lot by installing the machinery by employing only factory hands instead of employing a contractor (vide my letter No.5392 dated 17-4-1931).

		Rs.
(d) Saving under C (ii)	..	98- 8-0
" " C(iii)	..	22-13-0
" " C (iv)	..	~~791-12-6~~ 791-0-6
Total Saving	..	~~918- 1-6~~ 912-5-6

		Rs.
Excess under C (i)	Total Saving ..	913- 5-6
	..	102- 0-0
Total net saving.	..	810- 5-6

(e) ----tion is now asked for -

(i) To pay £8-10-0 extra to the German firm in addition to what was contemplated in the Government order.

(ii) The balance of Rs.810-5-6 to be utilized for the purchase of a small lathe and accessories, to serve the urgent needs of the factory to effect instantaneous repairs and renewals without recourse to an outside workshop for day to day work.

(f) The above proposal does not contemplate extra grants but certain readjustments in the sanctioned grants and to utilize the savings for a legitimate addition to the equipment of the factory which is overdue.

(g) Since my proposal does not require any extra grant, and since the savings will lapse on June 30th 1931, I request your immediate orders permitting me to order out a lathe and accessories in anticipation of Government orders.

I have the honour to be,

Sir,

Your most obedient servant,

Industrial Chemist &
Chemical Engineer.
